

I am concerned that extending the LPFM will take away my ability to listen to K-LOVE on 104.3 FM in the Cincinnati OH area. I value the K-LOVE broadcasting network and the value that it brings to the community. The family values that drive the programming on K-LOVE are absolutely vital to continuing a strong local community. I feel that K-LOVE should be allowed to continue to broadcast in the same way as they are today. I don't want a LPFM interfering with this radio station in any way.
